Self - Pay

Deductible (From HealthCare.gov)

The amount you pay for covered health care services before your insurance plan starts to pay. With a \$2,000 deductible, you pay the first \$2,000 of covered services first.

If deductible has been met, A copay will be collected.

If deductible has NOT been met:

- AlphaMeD will collect 100% of the estimated costs of the visit at the completion of the visit and place a credit card on file in case of additional charges.
- AlphaMeD will bill your insurance company.
- If you owe more, you will be informed, and the payment will be processed seven days after notice.

Insurance

Why do we collect your card on file?

At the time of visit, we collect your ID, insurance card, and a credit card to keep securely on file. This makes collecting payments easier for you.

Once your insurance has been billed, AlphaMeD will notify you via text about the remaining balance. You will have 7 days to pay. After 7 days, your card will be automatically charged for the remaining balance. AlphaMeD will never charge your card without your consent.
